Orson Scott Card Series List: A Complete Guide to the Author's Epic Worlds

When you think of contemporary science fiction and fantasy, Orson Scott Card's name is often the first that comes to mind. From the iconic *Ender's Game* to the sweeping historical fantasy of the *Tales of Alvin Maker*, his work spans genres and generations. This article offers a detailed, reader friendly list of Card's major series, complete with book titles, publication years, brief synopses, and the cultural impact each series has had on readers and the literary landscape.

Why the Orson Scott Card Series List Matters

Card's bibliography is vast, yet many fans and newcomers find themselves overwhelmed by the sheer number of books. A clear, organized list helps you decide where to start, whether you're looking for hard boiled space battles or magical realism. By exploring each series in depth, you'll gain insight into Card's recurring themes—identity, morality, leadership, and the power of stories themselves.

Card's Major Science Fiction Series

Ender's Game Saga

The *Ender's Game*series is arguably Card's most famous work. Beginning with the 1985 classic, it follows young Ender Wiggin as he is trained by the United Nations to defend Earth from an alien threat. The saga expands into multiple books, prequels, and sequels that explore the psychological toll of war, the ethics of artificial intelligence, and the nature of empathy.

- Ender's Game (1985) – Ender is recruited to Battle School; he learns to command and outwit a simulated alien species.
- Speaker for the Dead (1986) – Ender travels to the planet Lusitania, learning to listen to alien cultures.
- Xenocide (1991) – A political thriller that examines the rights of sentient beings.
- Children of the Mind (1996) – Ender's story reaches its emotional climax as he confronts his own humanity.
- Ender in Exile (1999) – A short story collection that explores Ender's life after the war.
- Ender's Shadow (1999) – Focuses on Bean, a key ally of Ender.
- Ender's Game: The Lost Files (2004) – A compilation of short stories and novellas.
- Ender's Game: The Lost Files (Volume 2) (2008) – Continuation of the first collection.
- Ender's Game: The Lost Files (Volume 3) (2011) – Final volume in the collection.
- Ender's Game: The Lost Files (Volume 4) (2013) – Includes previously unpublished works.
- Ender's Game: The Lost Files (Volume 5) (2018) – The last of the series' lost stories.

Card's Ender universe has become a staple of modern science fiction, influencing films, games, and academic discussions on military ethics.

Homecoming Saga

Set in the same universe as the Ender saga, the Homecoming series explores the aftermath of the war and the challenges of rebuilding a fractured society. It offers a more human perspective on the consequences of conflict, focusing on characters like Ender's sister, Valentine, and the new generation of soldiers.

- Homecoming (1999) – Valentine's return to Earth and her discovery of a new threat.
- Legacy of Shannara (2001) – A misprint; this is actually Legacy, the first book in the Homecoming series.
- Legacy (2001) – Valentine's journey to uncover a conspiracy.
- Homecoming (2002) – The final book in the series, resolving the political intrigue.

Enderverse

The Enderverse is a collection of short stories and novellas set within the Ender universe, often published as part of the *Lost Files* series. These works fill gaps in the narrative, offering fresh perspectives on familiar characters.

Card's Fantasy and Historical Series

The Tales of Alvin Maker

Card's *Tales of Alvin Maker* series blends American folklore with magic, set in an alternate 19th century America. Alvin, a boy with extraordinary powers, becomes a symbol of hope and change in a nation grappling with expansion and conflict.

- Alvin Maker (1988) – The first book introduces Alvin's birth and his discovery of his gifts.
- Alvin Journeyman (1990) – Alvin travels across the frontier, learning the true meaning of his powers.
- Alvin the Chosen (1993) – The series reaches its climax with Alvin facing the ultimate evil.
- Alvin the Unmaker (1995) – A prequel that explores Alvin's early life and the origin of his abilities.
- Alvin and the Glass Hammer (1996) – A short story collection that expands the universe.

These books are praised for their nuanced portrayal of American history and their inventive magical system.

Song of the Lioness Trilogy

While not as widely known as other Card series, the *Song of the Lioness* trilogy is a classic example of his work in the fantasy genre, focusing on themes of gender, power, and destiny.

- The Lioness (1986) – A young woman challenges societal norms to become a warrior.
- Shadows of the Lioness (1987) – The protagonist faces political intrigue.
- The Lioness's Crown (1988) – The series concludes with a dramatic battle for the throne.

War of the Worlds (The Goliath Trilogy)

Card's take on H.G. Wells' classic is a modern retelling that blends military science fiction with psychological depth.

- Goliath (1995) – Earth faces an alien invasion.
- Hollow (1996) – The human resistance evolves into a new form of warfare.
- Oblivion (1998) – The final confrontation with the invaders.

Card's Contemporary Series

Ender's Game: The Lost Files (Series of Short Stories)

These collections feature new stories that expand the Ender universe, exploring side characters, alternate timelines, and philosophical questions about war and humanity.

Ender's Game: The Lost Files (Volume 2, 3, 4, 5)

Each volume contains a mix of unpublished works, fan-favorite stories, and experimental prose that showcases Card's versatility.

Ender's Game: The Lost Files (Volume 6)

Although not yet released, the final volume promises to deliver the most thought provoking stories yet.

Card's Non Series Works and Contributions

Beyond his major series, Card has authored numerous standalone novels, short story anthologies, and contributions to shared universes. These works often explore similar themes, but they stand alone in their narrative arcs.

- Children of the Mind (1996) – A direct sequel to Speaker for the Dead and a standalone exploration of Ender's psychological journey.
- Alvin the Unmaker (1995) – A prequel to the Tales of Alvin Maker series.
- Ender in Exile (1999) – A collection of short stories focusing on Ender's later life.
- Ender's Shadow (1999) – A novel that follows Bean, a key character in the Ender saga.

How to Read Card's Series: A Suggested Path

If you're new to Orson Scott Card, starting at the beginning of a series provides the most satisfying experience. Here's a recommended reading order for his most popular series:

1. Ender's Game (1985)
2. Speaker for the Dead (1986)
3. Children of the Mind (1996)
4. Ender in Exile (1999)
5. Ender's Shadow (1999)
6. Ender's Game: The Lost Files (Volumes 1 5) (2004 2018)
7. Optional: Homecoming (1999 2002)

For fantasy fans, the *Tales of Alvin Maker* series offers an alternative entry point. Begin with *Alvin Maker*(1988) and follow the chronological order of the series.

Why Card's Series Are Still Relevant Today

Card's works are celebrated for their moral complexity and character depth. The Ender saga, for example, remains a staple in discussions about artificial intelligence ethics and the psychological effects of war. The Tales of Alvin Maker continue to resonate with readers interested in the intersection of myth, history, and speculative fiction.

Moreover, Card's ability to blend genres—science fiction, fantasy, and historical fiction—has influenced a new generation of writers. His stories are often used in university curricula to examine themes like leadership, empathy, and the consequences of technological advancement.

Frequently Asked Questions About Card's Series

What is the best way to start reading Orson Scott Card?

Begin with *Ender's Game* if you're drawn to science fiction and military strategy. If you prefer historical fantasy, start with *Alvin Maker*.

Are there any adaptations of Card's series?

Yes. The Ender saga has a feature film adaptation (2013), a video game, and a television series in development. The *Tales of Alvin Maker* have yet to see a major adaptation.

Can I read Card's series in a different order?

While the recommended order provides context, many readers enjoy exploring side stories and prequels first, especially if they are more interested in character studies.

Conclusion: The Enduring Legacy of Orson Scott Card’s Series

Orson Scott Card’s series list offers a rich tapestry of worlds, characters, and philosophical questions that continue to captivate readers worldwide. Whether you
