Learning Objectives for Day 3

1. Develop a comprehensive action plan that incorporates strategic thinking and resource management.
2. Demonstrate effective communication within a diverse team.
3. Apply conflict resolution techniques to navigate interpersonal challenges.

- Problem solving under pressure.

During the build, leaders monitor progress, facilitating communication and ensuring every voice is heard.

10:45 – 11:00 | Short Break & Debrief Prep

Participants refresh with water and snacks. They also prepare a short reflection on their experience so far, noting challenges and breakthroughs.

11:00 – 12:15 | Execution & Evaluation

Teams test their bridges, record the results, and then present their design rationale to the troop. The evaluation focuses on:

- Structural integrity.
- Innovation.
- Team collaboration.
- Adherence to the blueprint.

Facilitators provide constructive feedback and highlight best practices.

12:15 – 13:00 | Lunch & Informal Networking

13:00 – 14:30 | Reflection & Personal Growth Session

Participants engage in guided journaling, answering prompts such as:

These reflections are shared in small groups, fostering empathy and shared learning.
